Assembly Instructions

1 columns x 2 rows — 2 sheets total — final size 29.3 x 41.5 cm

How to assemble:

1. Work sheet by sheet in reading order — left to right, then top to bottom (A1, B1, C1 ... A2, B2 ...).
2. Cut along the dashed line on the right/bottom edge where present — precision isn't critical.
   Just stay inside the printed image, not the blank margin: the sheet underneath covers that part too.
3. Lay the next sheet flat, then glue the trimmed sheet on top, matching the crosshair marks exactly.
4. Repeat across the row, then stack finished rows top to bottom the same way.
